CLAUSES

CLAUSE 1 - PROHIBITION OF ASSIGNMENT (SPECIAL) (APR 1997)

- A. Neither this subcontract nor any interest therein nor claim thereunder shall be assigned or transferred by the Subcontractor except as expressly authorized in writing by the NREL Subcontract Administrator.
- B. When directed by DOE, the NREL Division of Midwest Research Institute may assign all its rights and obligations under this subcontract to DOE or its designee.

CLAUSE 2 - DISPUTES (SPECIAL) (APR 1997)

- A. The parties agree that the appropriate forum for resolution of any dispute or claim pertaining to this subcontract shall be a court of competent jurisdiction as follows:
 - 1. Subject to paragraph (A)(2) of this clause, any such litigation shall be brought and prosecuted exclusively in Federal District Court; with venue in the United States District Court of Colorado in Denver, Colorado.
 - 2. Provided, however, that in the event that the requirements for jurisdiction in any Federal District Court are not presented, such litigation shall be brought in a court of competent jurisdiction in the county of Jefferson and State of Colorado.
- B. Any substantive issue of law in such dispute, claim, or litigation shall be determined in accordance with the body of applicable Federal law relating to the interpretation and application of clauses derived from Federal Acquisition Regulations. If there is no applicable Federal law, the law of the State of Colorado shall apply in the determination of such issues. Nothing in this clause shall grant to the Subcontractor by implication any statutory rights or remedies not expressly set forth in this subcontract.
- C. There shall be no interruption in the prosecution of the work, and the Subcontractor shall proceed diligently with the performance of this subcontract pending final resolution of any dispute, claim, or litigation arising under or related to this subcontract between the parties hereto or between the Subcontractor and lower-tier subcontractors or suppliers.
- D. The Contract Disputes Act of 1978 (41 U.S.C. Sections 601-613) shall not apply to this subcontract; provided, however, that nothing in this clause shall prohibit NREL, in its sole discretion, from sponsoring a claim of the Subcontractor for resolution under the provision of its prime contract with DOE. In the event that NREL so sponsors a claim at the request of the Subcontractor, the Subcontractor shall be bound by the decision of the cognizant DOE Contracting Officer to the same extent and in the same manner as NREL.
- E. Any disputes relative to intellectual property matters will be governed by other provisions of this subcontract.

CLAUSE 3 - YEAR 2000 CERTIFICATION AND WARRANTY OF INFORMATION TECHNOLOGY PRODUCTS AND SERVICES (SPECIAL)(FEB 1999)
(Applies to subcontracts and purchase orders for information technology products or services)

A. Definitions

1. "Year 2000 Compliance," as used in this clause, means that the information technology products and services delivered or developed under this subcontract/purchase order accurately process date/time data from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000, and leap year calculations, to the extent that other information technology, used in combination with the information technology being delivered or developed under this subcontract/purchase order, properly exchanges date/time data with it.
2. "Information technology products and services" as used in this clause, include, but are not limited to, hardware, software, and/or firmware and embedded systems or any other electro-mechanical or processor-based systems or services.
3. "Date/time data," as used in this clause, includes but is not limited to, calculating, comparing, and sequencing.

B. Certification

The delivery or development of information technology products or services by the Subcontractor/Supplier shall constitute constructive certification that the information technology products or services under this subcontract/purchase order demonstrate Year 2000 Compliance.

C. Warranty

The Subcontractor/Supplier warrants that each commercial or noncommercial information technology product or service delivered or developed under this subcontract/purchase order is Year 2000 Compliant. If the subcontract/purchase order requires that specific information technology products or services must perform as a system in accordance with the foregoing warranty, then this warranty shall apply to those products or services as a system.

D. Duration and Remedies

The duration of this warranty and the remedies available to NREL/Government for breach of this warranty shall be as defined in, and subject to: 1) the terms and limitations of the general warranty provisions of this subcontract/purchase order; or, 2) the terms and limitations of the Subcontractor's/Supplier's standard commercial warranty or warranties contained in this subcontract/purchase order.

Notwithstanding any provision to the contrary in such warranty provision(s), or in the absence of any such warranty provision(s), the remedies available to NREL/Government under this Year 2000 Compliance warranty shall include repair or replacement, at no additional cost to NREL/Government, of any information technology product or service where noncompliance is

discovered and made known to the Subcontractor/Supplier in writing within ninety (90) days after acceptance. Nothing in this warranty shall be construed to limit any rights or remedies NREL/Government may otherwise have under this subcontract/purchase order with respect to defects other than Year 2000 compliance.

E. Subcontractor/Supplier as Distributor

If the Subcontractor/Supplier is a distributor of technology information products obtained from third party manufacturers, the Subcontractor/Supplier agrees to obtain from the third party manufacturers certifications and warranties that substantially conform to the requirements of this clause.

F. Lower-tier Subcontracts/Purchase Orders

The Subcontractor/Supplier agrees to insert terms that conform substantially to the language of this clause, including this paragraph F, in all lower-tier subcontracts/purchase orders under this subcontract.

For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.
- c. Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.
- d. Only those services expressly authorized by subdivisions (B)(3)(ii)(a)(1) and (2) of this clause are permitted under this clause.
- e. The reporting requirements of FAR 3.803(a) shall not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

C. Disclosure.

- 1. The Subcontractor who requests or receives from an agency a Federal contract shall file with that agency a disclosure form, OMB standard form LLL, Disclosure of Lobbying Activities, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under subparagraph (B)(1) of this clause, if paid for with appropriated funds.

2. The Subcontractor shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph (C)(1) of this clause. An event that materially affects the accuracy of the information reported includes--
 - (i) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
 - (ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
 - (iii) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.
3. The Subcontractor shall require the submittal of a certification, and if required, a disclosure form by any person who requests or receives any subcontract exceeding \$100,000 under the Federal contract.
4. All lower-tier subcontractor disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the Subcontractor. The Subcontractor shall submit all disclosures to the NREL Subcontract Administrator at the end of the calendar quarter in which the disclosure form is submitted by the Subcontractor. Each lower-tier subcontractor certification shall be retained in the subcontract file of the awarding Subcontractor.

D. Agreement.

The Subcontractor agrees not to make any payment prohibited by this clause.

E. Penalties.

1. Any person who makes an expenditure prohibited under paragraph (A) of this clause or who fails to file or amend the disclosure form to be filed or amended by paragraph (B) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
2. Subcontractors may rely without liability on the representation made by their lower-tier subcontractors in the certification and disclosure form.

F. Cost allowability.

Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

E. Reports

If the Subcontractor is required to furnish cost, funding, or performance reports, the DOE Contracting Officer or any authorized representative of the DOE Contracting Officer, shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating --

1. The effectiveness of the Subcontractor's policies and procedures to produce data compatible with the objectives of these reports; and
2. The data reported.

F. Availability

The Subcontractor shall make available at its office at all reasonable times the records, materials, and other evidence described in paragraphs (A), (B), (C), (D), and (E) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this subcontract or for any shorter period specified in Subpart 4.7, Subcontractor Records Retention, of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this subcontract. In addition--

1. If this subcontract is completely or partially terminated, the records relating to the work terminated shall be made available for three (3) years after any resulting final termination settlement; and
2. Records relating to appeals under the Disputes clause or to litigation or the settlement of claims arising under or relating to this subcontract shall be made available until such appeals, litigation, or claims are finally resolved.

G. The Subcontractor shall insert a clause containing all the terms of this clause, including this paragraph (G), in all lower-tier subcontracts under this subcontract that exceed the simplified acquisition threshold, and --

1. That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;
2. For which cost or pricing data are required; or
3. That require the lower-tier subcontractor to furnish reports as discussed in paragraph (E) of this clause.

The clause may be altered only as necessary to identify properly the contracting parties and the DOE Contracting Officer or NREL Subcontract Administrator under the Government prime contract.

A. Overtime requirements.

No Subcontractor or lower-tier subcontractor contracting for any part of the subcontract work which may require or involve the employment of laborers or mechanics (see Federal Acquisition Regulation (FAR) 22.300) shall require or permit any such laborers or mechanics in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

B. Violation; liability for unpaid wages; liquidated damages.

In the event of any violation of the provisions set forth in paragraph (A) of this clause, the Subcontractor and any lower-tier subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Subcontractor and lower-tier subcontractor shall be liable to the United States (in the case of work done under subcontract for the District of Columbia or a territory, to such District or to such territory), and/or NREL, for liquidated damages. Such liquidated damages shall be computed with respect to each

Upon request, the Subcontractor shall provide information necessary to determine the applicability of this clause.
- B. During performance of this subcontract, the Subcontractor agrees as follows:
1. The Subcontractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. However, it shall not be a violation of this clause for the Subcontractor to extend a publicly announced preference in employment to Indians living on or near an Indian reservation, in connection with employment opportunities on or near an Indian reservation, as permitted by 41 CFR 60-1.5.
 2. The Subcontractor shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to,

 11. The Subcontractor shall take such action with respect to any lower-tier subcontract or purchase order as the NREL subcontract administrator may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Subcontractor becomes involved in, or is threatened with, litigation with a lower-tier subcontractor or vendor as a result of any direction, the Subcontractor may request the United States to enter into the litigation to protect the interests of the United States.
- C. Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1

**CLAUSE 13 - AFFIRMATIVE ACTION FOR DISABLED VETERANS AND VETERANS
OF THE VIETNAM ERA (APR 1998)**
Derived from FAR 52.222-35 (FD)
(Applies to subcontracts exceeding \$10,000)

- A. Definitions. As used in this clause --

"All employment openings" includes all positions except executive and top management, those positions that will be filled from within the Subcontractor's organization, and positions lasting three (3) days or less. This term includes full-time employment, temporary employment of more than three (3) days' duration, and part-time employment.

"Appropriate office of the State employment service system" means the local office of the Federal-State national system of public employment offices with assigned responsibility to serve the area where the employment opening is to be filled, including the District of Columbia, Guam, the Commonwealth of Puerto Rico, and the Virgin Islands.

"Positions that will be filled from within the Subcontractor's organization" means employment openings for which no consideration will be given to persons outside the Subcontractor's organization (including any affiliates, subsidiaries, and parent companies) and includes any openings that the Subcontractor proposes to fill from regularly established "recall" lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

"Veteran of the Vietnam era" means a person who --

1. Served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964, and May 7, 1975, and was discharged or released there from with other than a dishonorable discharge; or
2. Was discharged or released from active duty for a service-connected disability if any part of such active duty was performed between August 5, 1964 and May 7, 1975.

B. General.

1. Regarding any position for which the employee or applicant for employment is qualified, the Subcontractor shall not discriminate against the individual because the individual is a disabled veteran or a veteran of the Vietnam era. The Subcontractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified special disabled and Vietnam Era veterans without discrimination based upon their disability or veterans' status in all employment practices such as --
 - (i) Employment;
 - (ii) Upgrading;
 - (iii) Demotion or transfer;

C. Listing openings.

1. The Subcontractor agrees to list all employment openings existing at subcontract award or occurring during subcontract performance, at an appropriate office of the State employment service system in the locality where the opening occurs. These openings include those occurring at any Subcontractor facility, including one not connected with performing this subcontract. An independent corporate affiliate is exempt from this requirement.
2. State and Local Government agencies holding Federal contracts or subcontracts of \$10,000 or more shall also list all their suitable openings with the appropriate office of the State employment service.
3. The listing of suitable employment openings with the State employment service system is required at least concurrently with using any other recruitment source or effort and involves the obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Subcontractor from any requirements of Executive Orders or regulations concerning nondiscrimination in employment.
4. Whenever the Subcontractor becomes contractually bound to the listing terms of this clause, it shall advise the State employment service system, in each State where it has establishments, of the name and location of each hiring location in the State. As long as the Subcontractor is contractually bound to these terms and has so advised the State system, it need not advise the State system of subsequent contracts/subcontracts. The Subcontractor may advise the State system when it is no longer bound by this subcontract clause.

D. Applicability.

1. This clause does not apply to the listing of employment openings which occur and are filled outside the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands.

E. Postings.

1. The Subcontractor agrees to post employment notices stating
 - (i) The Subcontractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled veterans and veterans of the Vietnam era, and

- (ii) The rights of applicants and employees.

- If the Subcontractor does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.
- G. Lower-tier Subcontracts.
- The Subcontractor shall include the terms of this clause in every lower-tier subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary. The Subcontractor shall act as specified by the Director to enforce the terms, including action for noncompliance.

- 1. The Subcontractor agrees to post employment notices stating --
 - (i) The Subcontractor's obligation under the law to take affirmative action to employ and advance in employment qualified individuals with disabilities; and
 - (ii) The rights of applicants and employees.
 - 2. These notices shall be posted in conspicuous places that are available to employees and applicants for employment. - F. Lower-tier Subcontracts.

The Subcontractor shall include the terms of this clause in every lower-tier subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary.

The Subcontractor shall give the NREL Subcontract Administrator immediate written notice of any action or suit filed and prompt notice of any claim made against the Subcontractor by any lower-tier subcontractor or vendor that, in the opinion of the Subcontractor, may result in litigation related in any way to this subcontract, with respect to which the Subcontractor may be entitled to reimbursement from NREL/Government.
- J. NREL/Government reserves the right to review the Subcontractor's purchasing system as set forth in FAR Subpart 44.3.
- K. Paragraphs (D) and (F) of this clause do not apply to the following lower-tier subcontracts, which were evaluated during negotiations:

- 2. The delivery or performance dates for this subcontract are based upon the expectation that Government-furnished property suitable for use (except for property furnished "as-is") will be delivered to the Subcontractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Subcontractor to meet the subcontract's delivery or performance dates.
- 3. If Government-furnished property is received by the Subcontractor in a condition not suitable for the intended use, the Subcontractor shall, upon receipt of it, notify the NREL Subcontract Administrator, detailing the facts, and, as directed by the NREL Subcontract Administrator and at NREL expense, either repair, modify, return, or otherwise dispose of the property. After completing the directed action and upon written request of the Subcontractor, the NREL Subcontract Administrator shall make an equitable adjustment as provided in paragraph (H) of this clause.
- 4. If Government-furnished property is not delivered to the Subcontractor by the required time, the NREL Subcontract Administrator shall, upon the Subcontractor's timely written request, make a determination of the delay, if any, caused the Subcontractor and shall make an equitable adjustment in accordance with paragraph (H) of this clause.

1. The NREL Subcontract Administrator may, by written notice,
 - (i) Decrease the Government-furnished property provided or to be provided under this subcontract, or

The Subcontractor shall promptly take such action as the NREL Subcontract Administrator may direct regarding the removal, shipment, or disposal of the property covered by such notice.
2. Upon the Subcontractor's written request, the NREL Subcontract Administrator shall make an equitable adjustment to the subcontract in accordance with paragraph (H) of this clause, if NREL has agreed in the Schedule to make the property available for performing this subcontract and there is any --

2. All Government-furnished property and all property acquired by the Subcontractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. However, special tooling accountable to this subcontract is subject to the provisions of the Special Tooling clause and is not subject to the provisions of the this clause. 3. Title to each item of facilities and special test equipment acquired by the Subcontractor under this subcontract shall pass to and vest in the Government when its use in performing this subcontract commences or when NREL/Government has paid for it, whichever is earlier, whether or not title previously vested in the Government.
4. If this subcontract contains a provision directing the Subcontractor to purchase material for which NREL will reimburse the Subcontractor as a direct item of cost under this subcontract --

- 2. The Subcontractor shall establish and maintain a program for the use, maintenance, repair, protection, and preservation of Government property in accordance with sound industrial practice and the applicable provisions of Subpart 45.5 of the FAR.
- 3. If damage occurs to Government property, the risk of which has been assumed by the Government, under this subcontract, NREL shall replace the items or the Subcontractor shall make such repairs as NREL directs. However, if the Subcontractor cannot effect such repairs within the time required, the Subcontractor shall dispose of the property as directed by the NREL Subcontract Administrator. When any property for which NREL is responsible is replaced or repaired, the NREL Subcontract Administrator shall make an equitable adjustment in accordance with paragraph (H) of this clause.
- 4. The Subcontractor represents that the subcontract price does not include any amount for repairs or replacement for which NREL is responsible. Repair or replacement of property for which the Subcontractor is responsible shall be accomplished by the Subcontractor at its own expense.

Unless otherwise provided in this subcontract, the Subcontractor assumes the risk of, and shall be responsible for, any loss or destruction of, or damage to, Government property upon its delivery to the Subcontractor or upon passage of title to the Government under paragraph (C) of this clause. However, the Subcontractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this subcontract.

H. Equitable adjustment.

When this clause specifies an equitable adjustment, it shall be made to any affected subcontract provision in accordance with the procedures of the Changes clause. When appropriate, the NREL Subcontract Administrator may initiate an equitable adjustment in favor of NREL. 2. Delivery of Government-furnished property in a condition not suitable for its intended use;
3. A decrease in or substitution of Government-furnished property; or
4. Failure to repair or replace Government property for which NREL is responsible.

I. Final accounting and disposition of Government property.

Upon completing this subcontract, or at such earlier dates as may be fixed by the NREL Subcontract Administrator, the Subcontractor shall submit, in a form acceptable to the NREL Subcontract Administrator, inventory schedules covering all items of Government property (including any resulting scrap) not consumed in performing this subcontract or delivered to NREL. The Subcontractor shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the NREL Subcontract Administrator. The net proceeds of any such disposal shall be credited to the subcontract price or shall be paid to NREL/Government as the NREL Subcontract Administrator directs.

J. Abandonment and restoration of Subcontractor's premises.

Unless otherwise provided herein, NREL --

1. May abandon any Government property in place, at which time all obligations of NREL/Government regarding such abandoned property shall cease; and
2. Has no obligation to restore or rehabilitate the Subcontractor's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or upon subcontract completion). However, if the Government-furnished property (listed in the Schedule or specifications) is withdrawn or is unsuitable for the intended use, or if any Government property is substituted, then the equitable adjustment under paragraph (H) of this clause may properly include restoration or rehabilitation costs.

All communications under this clause shall be in writing.

L. Overseas contracts.

If this subcontract is to be performed outside of the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (whenever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

Alternate II

(If this subcontract is for the conduct of basic or applied research at nonprofit institutions of higher education or at nonprofit organizations whose primary purpose is the conduct of scientific research (See 35.014), substitute the following paragraphs (C) and (G) for paragraphs (C) and (G) of the basic clause)

C. Title in Government property.

1. The Government shall retain title to all Government-furnished property.
2. All Government-furnished property and all property acquired by the Subcontractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.
3. Title to each item of facilities, special test equipment, and special tooling (other than that subject to a special tooling clause) acquired by the Subcontractor for the Government under this subcontract shall pass to and vest in the Government when its use in performing this subcontract commences, or when NREL/Government has paid for it, whichever is earlier, whether or not title previously vested in the Government.
4. Title to equipment (and other tangible personal property) purchased with funds available for research and having an acquisition cost of less than \$5,000 shall vest in the Subcontractor upon acquisition or as soon thereafter as feasible; provided, that the Subcontractor obtained the NREL Subcontract Administrator's approval before each acquisition. Title to equipment purchased with funds available for research and having an acquisition cost of \$5,000 or more shall vest as set forth in the subcontract. If title to equipment vests in the Subcontractor under this subparagraph (C)(4), the Subcontractor agrees that no charge will be made to the Government for any depreciation, amortization, or use under any existing or future Government subcontract or lower-tier subcontract thereunder. The Subcontractor shall furnish the NREL Subcontract Administrator a list of all equipment to which title is vested in the Subcontractor under this subparagraph (C)(4) within ten (10) days following the end of the calendar quarter during which it was received.

5. Vesting title under this paragraph (C) is subject to civil rights legislation, 42 U.S.C.2000d. Before title is vested any by signing this subcontract, the Subcontractor accepts and agrees that --

"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this contemplated financial assistance (title to equipment)."

G. Limited risk of loss.

1. The term "Subcontractor's managerial personnel," as used in this paragraph (G), means the Subcontractor's directors, officers, and any of the Subcontractor's managers, superintendents, or equivalent representatives who have supervision or direction of --
 - (i) All or substantially all of the Subcontractor's business;
 - (ii) All or substantially all of the Subcontractor's operation at any one plant, laboratory, or separate location at which the subcontract is being performed; or
 - (iii) A separate and complete major industrial operation connected with performing this subcontract.
2. The Subcontractor shall not be liable for loss or destruction of, or damage to, the Government property provided under this subcontract (or, if an educational or nonprofit organization, for expenses incidental to such loss, destruction, or damage), except as provided in subparagraphs (3) and (4) below.
3. The Subcontractor shall be responsible for loss or destruction of, or damage to, the Government property provided under this subcontract (including expenses incidental to such loss, destruction, or damage) --
 - (i) That results from a risk expressly required to be insured under this subcontract, but only to the extent of the insurance required to be purchased and maintained, or to the extent of insurance actually purchased and maintained, whichever is greater;
 - (ii) That results from a risk which is in fact covered by insurance or for which the Subcontractor is otherwise reimbursed, but only to the extent of such insurance or reimbursement;
 - (iii) For which the Subcontractor is otherwise responsible under the express terms of this subcontract;
 - (iv) That results from willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel; or

- (v) That results from a failure on the part of the Subcontractor, due to willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel, to establish and administer a program or system for the control, use, protection, preservation, maintenance, and repair of Government property as required by paragraph (E) of this clause.
- 4.
- (i) If the Subcontractor fails to act as provided in subdivision (G)(3)(v) above, after being notified (by certified mail addressed to one of the Subcontractor's managerial personnel) of the Government's disapproval, withdrawal of approval, or nonacceptance of the system or program, it shall be conclusively presumed that such failure was due to willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel.
 - (ii) Furthermore, any loss or destruction of, or damage to, the Government property shall be presumed to have resulted from such failure unless the Subcontractor can establish by clear and convincing evidence that such loss, destruction, or damage --
 - a. Did not result from the Subcontractor's failure to maintain an approved program or system; or
 - b. Occurred while an approved program or system was maintained by the Subcontractor.
5. If the Subcontractor transfers Government property to the possession and control of a lower-tier subcontractor, the transfer shall not affect the liability of the Subcontractor for loss or destruction of, or damage to, the property as set forth above. However, the Subcontractor shall require the lower-tier subcontractor to assume the risk of, and be responsible for, any loss or destruction of, or damage, to the property while in the lower-tier subcontractor's possession or control, except to the extent that the Subcontractor, with the advance approval of the NREL Subcontract Administrator, relieves the lower-tier subcontractor from such liability. In the absence of such approval, the lower-tier subcontract shall contain appropriate provisions requiring the return of all Government property in as good condition as when received, except for reasonable wear and tear or for its use in accordance with the provisions of the prime subcontract.
6. Upon loss or destruction of, or damage to, Government property provided under this subcontract, the Subcontractor shall so notify the NREL Subcontract Administrator and shall communicate with the loss and salvage organization, if any, designated by the NREL Subcontract Administrator. With the assistance of any such organization, the Subcontractor shall take all reasonable action to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the affected Government property in the best possible order, and furnish to the NREL Subcontract Administrator a statement of --
- (i) The lost, destroyed, or damaged Government property;
 - (ii) The time and origin of the loss, destruction, or damage;

- (iii) All known interests in commingled property of which the Government property is a part;
and
 - (iv) The insurance, if any, covering any part of or interest in such commingled property.
7. The Subcontractor shall repair, renovate, and take such other action with respect to damaged Government property as the NREL Subcontract Administrator directs. If the Government property is destroyed or damaged beyond practical repair, or is damaged and so commingled or combined with property of others (including the Subcontractor's) that separation is impractical, the Subcontractor may, with the approval of and subject to any conditions imposed by the NREL Subcontract Administrator, sell such property for the account of the Government. Such sales may be made in order to minimize the loss to the Government, to permit the resumption of business, or to accomplish a similar purpose. The Subcontractor shall be entitled to an equitable adjustment in the subcontract price for the expenditures made in performing the obligations under this subparagraph (G)(7) in accordance with paragraph (H) of this clause. However, the Government may directly reimburse the loss and salvage organization for any of their charges. The NREL Subcontract Administrator shall give due regard to the Subcontractor's liability under this paragraph (G) when making any such equitable adjustment.
8. The Subcontractor represents that it is not including in the price, and agrees it will not hereafter include in any price to the Government, any charge or reserve for insurance (including any self-insurance fund or reserve) covering loss or destruction of, or damage to, Government property, except to the extent that the Government may have expressly required the Subcontractor to carry such insurance under another provision of this subcontract.
9. In the event the Subcontractor is reimbursed or otherwise compensated for any loss or destruction of, or damage to, the Government property, the Subcontractor shall use the proceeds to repair, renovate, or replace the lost, destroyed, or damaged Government property or shall otherwise credit the proceeds to or equitably reimburse the Government, as directed by the NREL Subcontract Administrator.
10. The Subcontractor shall do nothing to prejudice the Government's rights to recover against third parties for any loss or destruction of, or damage to, Government property. Upon the request of the NREL Subcontract Administrator, the Subcontractor shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery. In addition, where a lower-tier subcontractor has not been relieved from liability for any loss or destruction of, or damage to, Government property, the Subcontractor shall enforce for the benefit of the Government the liability of the lower-tier subcontractor for such loss, destruction, or damage.

- B. Title to Government-furnished property shall remain in the Government. The Subcontractor shall use the Government-furnished property only in connection with this subcontract. - D. Upon completing this subcontract, the Subcontractor shall follow the instructions of the NREL Subcontract Administrator regarding the disposition of all Government-furnished property not consumed in performing this subcontract or previously delivered to the Government. The net proceeds of any such disposal shall be credited to the subcontract price or shall be paid to the Government as directed by the NREL Subcontract Administrator.
- E. If this subcontract is to be performed outside the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.
- C. The Subcontractor agrees, in performing work under this subcontract, to use U.S.-flag air carriers for international air transportation of personnel (and their personal effects) or property to the extent that service by those carriers is available.

- A. NREL may terminate performance of work under this subcontract in whole or, from time to time, in part if the NREL Subcontract Administrator determines that a termination is in NREL's/Government's interest. The NREL Subcontract Administrator shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- B. After receipt of a Notice of Termination, and except as directed by the NREL Subcontract Administrator, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:

1. Stop work as specified in the notice.
2. Place no further subcontracts or orders (referred to as lower-tier subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the subcontract.
3. Terminate all lower-tier subcontracts to the extent they relate to the work terminated.
4. Assign to NREL, as directed by the NREL Subcontract Administrator, all right, title, and interest of the Subcontractor under the lower-tier subcontracts terminated, in which case NREL shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
5. With approval or ratification to the extent required by the NREL Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of lower-tier subcontracts; the approval or ratification will be final for purposes of this clause.
6. As directed by the NREL Subcontract Administrator, transfer title to the Government and deliver to NREL--
 - (i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and
 - (ii) The completed or partially completed plans, drawings, information, and other property that, if the subcontract had been completed, would be required to be furnished to NREL.
7. Complete performance of the work not terminated.
8. Take any action that may be necessary, or that the NREL Subcontract Administrator may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest.
9. Use its best efforts to sell, as directed or authorized by the NREL Subcontract Administrator, any property of the types referred to in subparagraph (B)(6) of this clause; **provided**, however, that the Subcontractor;
 - (i) Is not required to extend credit to any purchaser; and
 - (ii) May acquire the property under the conditions prescribed by, and at prices approved by, the NREL Subcontract Administrator. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by NREL under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the NREL Subcontract Administrator.

- C. The Subcontractor may submit complete termination inventory schedules no later than one hundred twenty (120) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator within this one hundred twenty (120)-day period.
- D. After expiration of the plant clearance period as defined in Subpart 45.6 for the Federal Acquisition Regulation, the Subcontractor may submit to the NREL Subcontract Administrator a list, certified as to the quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the NREL Subcontract Administrator. The Subcontractor may request NREL/Government to remove those items or enter into an agreement for their storage. Within fifteen (15) days, NREL/Government will accept title to those items and remove them or enter into a storage agreement. The NREL Subcontract Administrator may verify the list upon removal of the items, or if stored, within forty-five (45) days from submission of the list, and shall correct the list, as necessary, before final settlement.
- E. After termination, the Subcontractor shall submit a final termination settlement proposal to the NREL Subcontract Administrator in the form and with the certification prescribed by the NREL Subcontract Administrator. The Subcontractor shall submit the proposal promptly, but no later than one (1) year from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one (1)-year period. However, if the NREL Subcontract Administrator determines that the facts justify it, a termination settlement proposal may be received and acted on after one (1) year or any extension. If the Subcontractor fails to submit the proposal within the time allowed, the NREL Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- F. Subject to paragraph (D) of this clause, the Subcontractor and the NREL Subcontract Administrator may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (F) or paragraph (G) of this clause, exclusive of costs shown in subparagraph (G)(3) of this clause, may not exceed the total subcontract price as reduced by --
1. The amount of payments previously made; and
 2. The subcontract price of work not terminated.

The subcontract shall be amended, and the Subcontractor paid the agreed amount. Paragraph (G) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

- G. If the Subcontractor and the NREL Subcontract Administrator fail to agree on the whole amount to be paid because of the termination of work, the NREL Subcontract Administrator shall pay the Subcontractor the amounts determined by the NREL Subcontract Administrator as follows, but without duplication of any amounts agreed on under paragraph (F) of this clause:

 - (iii) A sum, as profit on subdivision (G)(2)(i) of this clause, determined by the NREL Subcontract Administrator under 49.202 of the Federal Acquisition Regulation, in effect on the date of this subcontract, to be fair and reasonable; however, if it appears that the Subcontractor would have sustained a loss on the entire subcontract had it been completed, the NREL Subcontract Administrator shall allow no profit under this subdivision (G)(2)(iii) and shall reduce the settlement to reflect the indicated rate of loss.
3. The reasonable costs of settlement of the work terminated, including --
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of lower-tier subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- H. Except for normal spoilage, and except to the extent that NREL/Government expressly assumed the risk of loss, the NREL Subcontract Administrator shall exclude from the amounts payable to the Subcontractor under paragraph (G) of this clause, the fair value, as determined by the NREL Subcontract Administrator, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to NREL/Government or to a buyer.
- I. The cost principles and procedures of Part 31 of the Federal Acquisition Regulations, in effect on the date of this subcontract, shall govern all costs claimed, agreed to, or determined under this clause.
- J. The Subcontractor shall have the right of appeal, under the Disputes clause, from any determination made by the NREL Subcontract Administrator under paragraph (E), (G), or (I) of this clause, except that if the Subcontractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (E) or (I), respectively, and failed to request a time extension, there is no right of appeal.

- K. In arriving at the amount due the Subcontractor under this clause, there shall be deducted--
1. All unliquidated advance or other payments to the Subcontractor under the terminated portion of the subcontract;
 2. Any claim which NREL/Government has against the Subcontractor under this clause; and
 3. The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Subcontractor or sold under the provisions of this clause and not recovered by or credited to NREL/Government.
- L. If the termination is partial, the Subcontractor may file a proposal with the NREL Subcontract Administrator for an equitable adjustment of the price(s) of the continued portion of the subcontract. The NREL Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within ninety (90) days from the effective date of termination unless extended in writing by the NREL Subcontract Administrator.
- M.
1. NREL may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
 2. If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to NREL/Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the NREL Subcontract Administrator because of the circumstances.
- N. Unless otherwise provided in this subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this subcontract for three (3) years after final settlement. This includes all books and other evidence on the Subcontractor's costs and expenses under this subcontract. The Subcontractor shall make these records and documents available to NREL/Government, at the Subcontractor's office, at all reasonable times, without any direct charge. If approved by the NREL Subcontract Administrator, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

**CLAUSE 33 - TERMINATION FOR CONVENIENCE OF NREL/GOVERNMENT
(EDUCATIONAL AND OTHER NONPROFIT INSTITUTIONS) (SEP 1996)**

Derived from FAR 52.249-5 (FD)

- A. NREL may terminate performance of work under this subcontract in whole or, from time to time, in part if the NREL Subcontract Administrator determines that a termination is in NREL's/Government's interest. The NREL Subcontract Administrator shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- B. After receipt of a Notice of Termination and except as directed by the NREL Subcontract Administrator, the Subcontractor shall immediately proceed with the following obligations:
 - 1. Stop work as specified in the notice.
 - 2. Place no further subcontracts or orders (referred to as lower-tier subcontracts in this clause), except as necessary to complete the continued portion of the subcontract.
 - 3. Terminate all applicable lower-tier subcontracts and cancel or divert applicable commitments covering personal services that extend beyond the effective date of termination.
 - 4. Assign to NREL, as directed by the NREL Subcontract Administrator, all right, title, and interest of the Subcontractor under the lower-tier subcontracts terminated, in which case NREL shall have the right to settle or pay any termination settlement proposal arising out of those terminations.
 - 5. With approval or ratification to the extent required by the NREL Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of lower-tier subcontracts; approval or ratification will be final for purposes of this clause.
 - 6. Transfer title to the Government (if not already transferred) and, as directed by the NREL Subcontract Administrator, deliver to NREL any information and items that, if the subcontract had been completed, would have been required to be furnished, including--
 - (i) Materials or equipment produced, in process, or acquired for the work terminated; and
 - (ii) Completed or partially completed plans, drawings, and information.
 - 7. Complete performance of the work not terminated.
 - 8. Take any action that may be necessary, or that the NREL Subcontract Administrator may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest.

9. Use its best efforts to sell, as directed or authorized by the NREL Subcontract Administrator, termination inventory other than that retained by the Government under subparagraph (B)(6) of this clause; **provided**, however, that the Subcontractor--
- (i) Is not required to extend credit to any purchaser; and
 - (ii) May acquire the property under the conditions prescribed by, and at prices approved by, the NREL Subcontract Administrator. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by NREL under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the NREL Subcontract Administrator.
- C. The Subcontractor shall submit complete termination inventory schedules no later than one hundred twenty (120) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one hundred twenty (120)-day period.
- D. After termination, the Subcontractor shall submit a final termination settlement proposal to the NREL Subcontract Administrator in the form and with the certification prescribed by the NREL Subcontract Administrator. The Subcontractor shall submit the proposal promptly but no later than one (1) year from the effective date of termination unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor with this one (1)-year period. If the Subcontractor fails to submit the termination settlement proposal within the time allowed, the NREL Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- E. Subject to paragraph (D) of this clause, the Subcontractor and the NREL Subcontract Administrator may agree upon the whole or any part of the amount to be paid because of the termination. This amount may include reasonable cancellation charges incurred by the Subcontractor and any reasonable loss on outstanding commitments for personal services that the Subcontractor is unable to cancel; **provided**, that the Subcontractor exercised reasonable diligence in diverting such commitments to other operations. The subcontract shall be amended and the Subcontractor paid the agreed amount.
- F. The cost principles and procedures in Part 31.3 of the Federal Acquisition Regulations (FAR), in effect on the date of the subcontract, shall govern all costs claimed, agreed to, or determined under this clause; however, if the Subcontractor is not an educational institution, and is a nonprofit organization under Office of Management and Budget (OMB) Circular A-122, "Cost Principles for Nonprofit Organizations," July 8, 1980, those cost principles shall apply; **provided**, that if the Subcontractor is a nonprofit institution listed in Attachment C of OMB Circular A-122, the cost principles at FAR 31.2 for commercial organizations shall apply to such Subcontractor.
- G. NREL may, under the terms and conditions it prescribes, make partial payments against costs incurred by the Subcontractor for the terminated portion of this subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.

- H. The Subcontractor has the right of appeal as provided under the Disputes clause, except that if the Subcontractor failed to submit the termination settlement proposal within the time provided in paragraph (D) and failed to request a time extension, there is no right of appeal.

CLAUSE 34 - DEFAULT (FIXED PRICE RESEARCH AND DEVELOPMENT) (APR 1984)

Derived from FAR 52.249-9 (FD)

(Applies to research and development subcontracts except subcontracts with educational or non-profit institutions on a no-profit basis)

- A. 1. NREL may, subject to paragraphs (C) and (D) of this clause, by written Notice of Default to the Subcontractor, terminate this subcontract in whole or in part if the Subcontractor fails to --
- (i) Perform the work under the subcontract within the time specified in this subcontract or any extension;
 - (ii) Prosecute the work so as to endanger performance of this subcontract (but see subparagraph (A)(2) of this clause); or
 - (iii) Perform any of the other provisions of this subcontract but see subparagraph (A)(2) of this clause).
2. NREL's right to terminate this subcontract under subdivisions (A)(1)(ii) and (iii) of this clause may be exercised if the Subcontractor does not cure such failure within ten (10) days (or more, if authorized in writing by the NREL Subcontract Administrator) after receipt of the notice from the NREL Subcontract Administrator specifying the failure.
- B. If NREL terminates this subcontract in whole or in part, it may acquire, under the terms and in the manner the NREL Subcontract Administrator considers appropriate, work similar to the work terminated, and the Subcontractor will be liable to NREL/Government for any excess costs for the similar work. However, the Subcontractor shall continue the work not terminated.
- C. Except for defaults of subcontractors at any tier, the Subcontractor shall not be liable for any excess costs if the failure to perform the subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include--
- 1. Acts of God or of the public enemy;
 - 2. Acts of the Government in either its sovereign or contractual capacity;
 - 3. Fires;
 - 4. Floods;
 - 5. Epidemics;
 - 6. Quarantine restrictions;

7. Strikes;
8. Freight embargoes; and
9. Unusually severe weather.

In each instance the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor.

- D. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Subcontractor and lower-tier subcontractor, and without the fault or negligence of either, the Subcontractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Subcontractor to meet the required delivery schedule or other performance requirements.
- E. If this subcontract is terminated for default, NREL may require the Subcontractor to transfer title to the Government and deliver to NREL, as directed by the NREL Subcontract Administrator, any --
 1. Completed or partially completed work not previously delivered to, and accepted by, NREL, and
 2. Other property, including subcontract rights, specifically produced or acquired for the terminated portion of this subcontract. Upon direction of the NREL Subcontract Administrator, the Subcontractor shall also protect and preserve property in its possession in which the Government has an interest.
- F. NREL shall pay the subcontract price, if separately stated, for completed work it has accepted and the amount agreed upon by the Subcontractor and the NREL Subcontract Administrator for--
 1. Completed work for which no separate price is stated,
 2. Partially completed work,
 3. Other property described above that it accepts, and
 4. The protection and preservation of the property.

Failure to agree will be a dispute under the Disputes clause. NREL may withhold from these amounts any sum the NREL Subcontract Administrator determines to be necessary to protect NREL/Government against loss from outstanding liens or claims of former lien holders.

- G. If, after termination, it is determined that the Subcontractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of NREL/Government.

- H. The rights and remedies of NREL/Government in this clause are in addition to any other rights and remedies provided by law or under this subcontract.

CLAUSE 35 - REFUND OF ROYALTIES (FEB 1995)

Derived from DEAR 952.227-9 (FD)

- A. The subcontract price includes certain amounts for royalties payable by the Subcontractor or lower-tier subcontractors or both, which amounts have been reported to the DOE through NREL.
- B. The term "royalties" as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this subcontract or any lower-tier subcontract hereunder. The term also includes any costs or charges associated with the access to, use of, or other right pertaining to data that is represented to be proprietary and is related to the performance of this subcontract or the copying of such data or data that is copyrighted.
- C. The Subcontractor shall furnish to the DOE through NREL, before final payment under this subcontract, a statement of royalties paid or required to be paid in connection with performing this subcontract and lower-tier subcontracts hereunder together with the reasons.
- D. The Subcontractor will be compensated for royalties reported under paragraph (C) of this clause, only to the extent that such royalties were included in the subcontract price and are determined by the DOE to be properly chargeable to the Government and allocable to the subcontract. To the extent that any royalties that are included in the subcontract price are not, in fact, paid by the Subcontractor or are determined by the DOE not to be properly chargeable to the Government and allocable to the subcontract, the subcontract price shall be reduced. Repayment or credit to the Government shall be made as the DOE directs. The approval by DOE of any individual payments or royalties shall not prevent the Government from contesting at any time the enforceability, validity, scope of, or title to, any patent or the proprietary nature of data pursuant to which a royalty or other payment is to be or has been made.
- E. If, at any time within three (3) years after final payment under this subcontract, the Subcontractor for any reason is relieved in whole or in part from the payment of the royalties included in the final subcontract price as adjusted pursuant to paragraph (D) of this clause, the Subcontractor shall promptly notify the DOE through NREL of that fact and shall reimburse the Government in a corresponding amount.
- F. The substance of this clause, including this paragraph (F), shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds \$250.

CLAUSE 36 - FOREIGN TRAVEL (FEB 1997)

Derived from DEAR 952.247-70 (FD)

- A. Foreign travel, when charged directly, shall be subject to the prior approval of the NREL Subcontract Administrator for each separate trip regardless of whether funds for such travel are contained in an approved budget. Foreign travel is defined as any travel outside of Canada, Mexico, and the United States and its territories and possessions.

- B. Request for approval shall be submitted at least forty-five (45) days prior to the planned departure date, be on a Request for Approval of Foreign Travel form, and when applicable, include a notification of proposed soviet-bloc travel.

**CLAUSE 37 - INTEGRATION OF ENVIRONMENT, SAFETY, AND HEALTH INTO
WORK PLANNING AND EXECUTION (JUN 1997)**

Derived from DEAR 970.5204-2 (FD)

(Applies to subcontracts that involve complex or hazardous work that is to be performed on a Government-owned or -leased facility.)

- A. For the purposes of this clause,
1. "Safety" encompasses environment, safety, and health, including pollution prevention and waste minimization; and
 2. "Employees" include Lower-tier subcontractor employees.
- B. In performing work under this subcontract, the Subcontractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environment, safety, and health (ES&H) functions and activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of work, ensure that:
1. Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor and lower-tier subcontractor employees managing or supervising employees performing work.
 2. Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 3. Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 4. Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 5. Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 6. Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.

7. The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by NREL/Government and the Subcontractor. These agreed-upon conditions and requirements are requirements of the subcontract and binding upon the Subcontractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.
- C. The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (B) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:
1. Define the scope of work;
 2. Identify and analyze hazards associated with the work;
 3. Develop and implement hazard controls;
 4. Perform work within controls; and
 5. Provide feedback on adequacy of controls and continue to improve safety management.
- D. The System shall describe how the Subcontractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the Subcontractor will measure system effectiveness.
- E. The Subcontractor shall submit to the NREL Subcontract Administrator documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the NREL Subcontract Administrator. Guidance on the preparation, content, review, and approval of the System will be provided by the NREL Subcontract Administrator. On an annual basis, the Subcontractor shall review and update, for DOE approval, its safety performance objectives, performance measures, and commitments consistent with and in response to DOE's program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the Subcontractor's business processes for work planning, budgeting, authorization, execution, and change control.
- F. The Subcontractor shall comply with, and assist the DOE in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of this subcontract on Laws, Regulations, and DOE Directives. The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this subcontract.
- G. The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the Subcontractor fails to provide resolution or if, at any time, the Subcontractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the NREL Subcontract

Administrator may issue an order stopping work in whole or in part. Any stop work order issued by a NREL Subcontract Administrator under this clause (or issued by the Subcontractor to a lower-tier subcontractor in accordance with paragraph (I) of this clause) shall be without prejudice to any other legal or contractual rights of NREL/Government. In the event that the NREL Subcontract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the NREL Subcontract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

- H. The Subcontractor is responsible for compliance with the ES&H requirements applicable to this contract regardless of the performer of the work.
- I. The Subcontractor shall include a clause substantially the same as this clause in lower-tier subcontracts involving complex or hazardous work on site at a DOE-owned or -leased facility. Such lower-tier subcontracts shall provide for the right to stop work under the conditions described in paragraph (G) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may require that the lower-tier subcontractor submit a Safety Management System for the Subcontractor's review and approval.

CLAUSE 38 - ACCOUNTS, RECORDS, AND INSPECTION (JUN 1996)
Derived from DEAR 970.5204-9 (FD)

A. Accounts.

The Subcontractor shall maintain a separate and distinct set of accounts, records, documents, and other evidence showing and supporting all allowable costs incurred, revenues or other applicable credits, fixed-fee accruals, and the receipt, use and disposition of all Government property coming into the possession of the Subcontractor under this subcontract. The system of accounts employed by the Subcontractor shall be acceptable to NREL/Government and in accordance with generally accepted accounting principles consistently applied.

B. Inspection and Audit of Accounts and Records.

All books of account and records relating to this subcontract shall be subject to inspection and audit by NREL/Government at all reasonable times, before and during the period of retention provided for in (D) below, and the Subcontractor shall afford proper facilities for such inspection and audit.

C. Audit of Subcontractors' Records.

The Subcontractor also agrees, with respect to any lower-tier subcontracts (including fixed price or unit-price lower-tier subcontracts or purchase orders) where, under the terms of the lower-tier subcontract, costs incurred are a factor in determining the amount payable to the subcontractor of any tier, to either conduct an audit of the lower-tier subcontractor's costs or arrange for such an audit to be performed by the cognizant Government audit agency through the NREL Subcontract Administrator.

D. Disposition of Records.

Except as agreed upon by NREL and the Subcontractor, all financial and cost reports, books of account and supporting documents, and other data evidencing costs allowable, revenues, and other applicable credits under this subcontract, shall be the property of the Government, and shall be delivered to NREL or otherwise disposed of by the Subcontractor either as the NREL Subcontract Administrator may from time to time direct during the progress of the work or, in any event, as the NREL Subcontract Administrator shall direct upon completion or termination of this subcontract and final audit of accounts hereunder. Except as provided in this subcontract, all other records in the possession of the Subcontractor relating to this subcontract shall be preserved by the Subcontractor for a period of three (3) years after final payment under this subcontract or otherwise disposed of in such manner as may be agreed upon by NREL/Government and the Subcontractor.

E. Reports.

The Subcontractor shall furnish such progress reports and schedules, financial and cost reports, and other reports concerning the work under this subcontract as the NREL Subcontract Administrator may from time to time require.

F. Inspections.

NREL/Government shall have the right to inspect the work and activities of the Subcontractor under this subcontract at such time and in such manner as it shall deem appropriate.

G. Lower-tier Subcontracts.

The Subcontractor further agrees to require the inclusion of provisions similar to those in paragraphs (A) through (G) and paragraph (I) of this clause in all lower-tier subcontracts (including fixed price or unit price subcontracts or purchase orders) of any tier entered into hereunder where, under the terms of the lower-tier subcontract, costs incurred are a factor in determining the amount payable to the lower-tier subcontractor.

(The following paragraph (H) shall be included in--

- 1. All cost-type subcontracts (or lower-tier subcontracts) involving an estimated cost exceeding \$5 million and expected to run more than two (2) years, and*
- 2. Any other cost-type subcontract (or lower-tier subcontract) where deemed advisable by the DOE Head of the Contracting Activity and when the Subcontractor (or lower-tier subcontractor) already has an established internal audit organization.)*

H. Internal Audit.

The Subcontractor agrees to conduct an internal audit and examination satisfactory to NREL/Government of the records, operations, expenses, and the transactions with respect to costs claimed to be allowable under this subcontract annually and at such other times as may be mutually agreed upon. The results of such audit, including the working papers, shall be submitted or made available to the NREL Subcontract Administrator.

I. Comptroller General.

1. The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Subcontractor's directly pertinent records involving transactions related to this subcontract or a lower-tier subcontract hereunder.
2. This paragraph may not be construed to require the Subcontractor or lower-tier subcontractor to create or maintain any record that the Subcontractor or lower-tier subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.
3. Nothing in this subcontract shall be deemed to preclude an audit by the General Accounting Office of any transaction under this subcontract.

CLAUSE 39 - PRINTING CLAUSE FOR SUBCONTRACTS (APR 1984)

Derived from DEAR 970.5204-19 (FD)

- A. To the extent that duplicating or printing services may be required in the performance of this subcontract, the Subcontractor shall provide or secure such services in accordance with the Government Printing and Binding Regulations, Title 44 of the U.S. Code, and DOE Directives relative thereto.
- B. The term "Printing" includes the following processes: composition, platemaking, presswork, binding, microform publishing, or the end items produced by such processes. Provided, however, that performance of a requirement under this subcontract involving the duplication of less than 5,000 copies of a single page, or no more than 25,000 units in the aggregate of multiple pages, will not be deemed to be printing.
- C. Printing services not obtained in compliance with this guidance shall result in the cost of such printing being disallowed.
- D. In all lower-tier subcontracts hereunder which require printing (as that term is defined in Title I of the U.S. Government Printing and Binding Regulations), the Subcontractor shall include a provision substantially the same as this clause.

CLAUSE 40 - PERMITS OR LICENSES (APR 1984)

Derived from DEAR 970.5204-29

Except as otherwise directed by the NREL Subcontract Administrator, the Subcontractor shall procure all necessary permits or licenses and abide by all applicable laws, regulations, and ordinances of the United States and of the state, territory, and political subdivision in which the work under this subcontract is performed.

CLAUSE 41 - ACCESS SECURITY (SPECIAL)(APR 1999)

- A. Access to NREL operated facilities is controlled in accordance with the DOE's requirements. The Subcontractor shall ensure that any of its, or its lower-tier subcontractors, officers, employees, or agents be specifically authorized site access by an NREL employee, and identified, badged, and registered by NREL Security prior to entering any NREL operated facility.

- B. The Subcontractor shall further ensure that any of its, or its lower-tier subcontractors, officers, employees, or agents who are not U.S. citizens or U.S. permanent residents and who will perform subcontract work on NREL operated facilities for a total of thirty (30) calendar days or greater, or who are citizens of a DOE designated sensitive country, or who work for a company based in a sensitive country, or who are stateless persons, submit a completed DOE Form IA 473 to NREL six to eight weeks before access is required. Access shall be subject to DOE approval. Any such person denied access by DOE shall not be assigned by the Subcontractor to work at NREL operated facilities.
- C. The Subcontractor shall provide to the Subcontract Administrator, prior to the initiation of work, evidence, including visa types and expiration dates, that legally sufficient work permits have been obtained from the U.S. Immigration and Naturalization Service, and such permits are properly maintained, for any of its, or its lower-tier subcontractors officers, employees, or agents who are not U.S. citizens or U.S. permanent residents and who will perform subcontract work at NREL operated facilities.
- D. Further, after the Subcontractor, or its lower-tier subcontractors, has commenced subcontract work, the Subcontractor shall provide to the Subcontract Administrator similar advance notice, including visa types and expiration dates, for all subsequently assigned individuals who are not U.S. citizens or U.S. permanent residents who will perform subcontract work at NREL operated facilities.
- E. NREL reserves the right to revoke site access authorization for any person violating NREL or DOE safety and security policies and procedures.
- F. As a condition of entry to NREL premises, the Subcontractor agrees to permit NREL security personnel to search its, and its lower-tier subcontractors, officers, employees, or agents vehicles, packages, tool boxes, or other containers for the purpose of preventing prohibited articles access to NREL premises or to detect or deter the unauthorized removal of Government property from NREL.
- G. Prohibited articles include cameras, copying machines, reproduction devices, recording devices, radio transmitters, firearms, explosive devices, incendiary devices, dangerous weapons or materials, controlled substances (illegal drugs), or alcoholic beverages.
- H. The Subcontractor shall include this article, including this Paragraph H, in all lower-tier subcontracts involving work at NREL operated facilities.
